### **Reconfirmation of Venue for IAESCON 2015**

Mumbai was allotted IAESCON 2015 last year with Dr Abhay Dalvi from Mumbai as Organising Chairman. The Honorary Secretary read out a letter from Dr Abhay Dalvi expressing his inability to

attend the General Body Meeting at Poovar as he was away in the USA on personal commitments. He also mentioned that Dr Sameer Rege who will be the Organising Secretary was committed as Faculty at Nashik. Hence he requested leave of absence for both of them during the General Body Meeting. He however reiterated his commitment to host IAESCON 2015 at Mumbai. There was an extensive discussion regarding this matter and the General Body felt that someone from Organising team must have attended AGM. However as a rarest of rare circumstance it was decided to confirm the venue of IAESCON 2015 as Mumbai provided. The Organising Secretary of IAESCON 2015 signs A Memorandum of Understanding (MOU) with Honorary Secretary of IAES with regard to smooth and successful conduct of IAESCON 2015 at ASICON 2014.

### **Venue for IAESCON 2016**

There was no application received from North Zone. However Dr Padmakumar from Kochi and Dr Amit Agarwal on behalf of Dr Sudhi Agarwal from Meerut evinced interest to host IAESCON 2016. Dr Amit Agarwal did not want North Zone to forego its chance of hoisting the Annual Conference. However since Dr Sudhi Agarwal was not present in the AGM, the GB decided that it would allow Dr Sudhi Agarwal time until ASICON 2014 for a formal request to IAES to host IAESCON 2016.

### **Any other matter**

- Dr Amit Agarwal requested the GB permission to commence a Registry for Multiple Endocrine Neoplasia (MEN). The GB agreed in principle but wanted Dr Amit Agarwal to present the proforma and details before final approval.

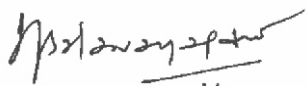

- Dr Saroj Mishra opined that it would be a good practice if IAES involves in the development Guidelines for Indian patients. Dr Jothiramalingam and Dr Kamaludeen pointed out that efforts were made earlier to all sections of ASI which however did not materialize. The GB decided that it would consider the feasibility of developing guidelines in future.
